

Organization's Profile

Pusat Pengkajian Strategi Nusantara

Center for the Study of Indonesian Strategies

ABOUT US

Pusat Pengkajian Strategi Nusantara or PPSN is an independent private organization, non- profit and non-party, think-tank, creative-innovative of positive-thinking, providing policy inputs for related institutions;

PPSN -expertise based- emphasizes objective attitude in order to enlightens, educates, and promotes the nation -especially the younger generation- to build the future of the nation according to the will of the founders of the Republic of Indonesia;

PPSN appreciates the suggestion, positive and constructive opinions of Indonesians people to realize the ideals of Indonesia Merdeka, as stated in the Preamble of UUD 1945

TENTANG KAMI

Pusat Pengkajian Strategi Nusantara atau PPSN adalah organisasi swasta independen, non-profit dan non-partai, *think-tank*, kreatif- inovatif dari pola pikir positif, memberikan masukan kebijakan untuk institusi terkait;

PPSN berbasis kepakaran mengutamakan sikap obyektif yang mencerahkan, mencerdaskan, dan memajukan -terutama generasi muda- untuk membangun masa depan bangsa sesuai keinginan pendiri Republik Indonesia;

PPSN menghargai saran, pendapat yg positif dan konstruktif dari masyarakat Indonesia untuk mewujudkan cita-cita Indonesia Merdeka, sebagaimana tertuang dalam Mukadimah UUD45.

MOTTO

MOTTO

educate
mendidik

enlighten
mencerahkan

move forward
memajukan

VISION VISI

Become a community of high quality thinkers for the realization of a nation that is smart, dignified, and prosperous

Menjadi komunitas pemikir yang berkualitas tinggi untuk terwujudnya bangsa yang cerdas, bermartabat, dan sejahtera

MISSION

1. Undertake a continuous assessment of the strategic issues of the country and nation;
2. Improve the quality and quantity of cadres of the nation in the life of society, nation, and state;
3. To encourage the promotion of the welfare of the nation, especially in the fields of economy, education and health;
4. Providing policy inputs to relevant agencies and governments;
5. Building cooperation networks with social forces, both nationally and internationally.

MISI

1. Melakukan kajian yang berkesinambungan tentang masalah strategis negara dan bangsa;
2. Meningkatkan kualitas dan kuantitas kader bangsa dalam kehidupan bermasyarakat, berbangsa, dan bernegara;
3. Ikut mendorong memajukan kesejahteraan bangsa terutama dalam bidang ekonomi, pendidikan, dan kesehatan;
4. Memberikan masukan kebijakan untuk lembaga terkait dan pemerintah;
5. Membangun jejaring kerjasama dengan kekuatan sosial, baik nasional, maupun internasional.

LEGALITY

PPSN was established on September 21, 2017

Based on Deed No. 09, by Notary Dewi Maya Rachmadani Sobari SH Master of Notary, in Tangerang Selatan, on September 25, 2017.

Then legally confirmed by Kemkumham's Decree No. AHU-0015912.AH.01.07. 2017, dated November 3, 2017, in Jakarta.

LEGALITAS

PPSN didirikan pada tanggal September 21, 2017

Berdasarkan Akta Notaris No.09, oleh Notaris Dewi Maya Rachmadani Sobari SH Master of Notary, di Tangerang Selatan, pada Tanggal 25 September, 2017.

Kemudian secara legal dikukuhkan oleh Surat Keputusan Kemkumham No. AHU-0015912.AH.01.07. 2017, tertanggal 3 November 2017, di Jakarta.

CODES OF ETHICS

1. Keeping and maintain the integrity of the Unitary State of the Republic of Indonesia (NKRI), based on Pancasila and UUD-45;
2. Appreciate positive, objective, and constructive opinions to realize the ideals of the Proclamation of Independence, as stated in the Preamble of the 1945 Constitution;
3. Provide an active contribution in the nation's development through creative and innovative ideas that are implemented with noble character;
4. Maintain ethnic, racial, religious and cultural diversity, taking into account religious values and justice for the well-being of all;
5. Maintain good relations with all components of the nation both at home and abroad, for the sake of progress NKRI;
6. Always strive to uphold the truth and justice and oppose injustice that violate human rights;
7. Giving role models to young generation as citizens to act or behave honestly and responsibly;
8. Maintain dignity and integrity as a scientist and/or intellectual, including how to communicate well and politely;
9. Avoiding speech, campaign, writings and attitudes that may disrupt national unity, including harassment of others;

10. Menghindarkan diri dari perbuatan yang dilarang dan tercela serta hal yang tidak dianjurkan oleh nilai-nilai agama.

Organization's Structure

Management's Profile

Sar Sardy was a Professor in the Dept. of Electrical Engineering, University of Indonesia (UI) since 1999. He joined the university in 1974, and received both Master and Doctor degrees from the Graduate Study Program on Optoelectrotechniques and Laser Applications, at the same university in 1980 and 1989, respectively. He was a research scientist at Chiba University, Japan, in 1981, 1986, and 1992, sponsored by the JSPS (Japan Society for the Promotion of Sciences). He was a recipient of the UI Research Awards in Engineering, Hibah Bersaing IV, RUT-VI, Toray Science Foundation, Tifico Foundation, etc. He visited USA, Japan, Singapore, Malaysia, Italy, Pakistan, Australia, Spain, P.R. China, South Korea, Saudi Arabia, and other countries, participating in various international

conferences, workshops, training, and joint research programs. He serves as a reviewer, committee member, chair of various national seminars and international conferences. His research work published in Optical Engineering, local Journal of Technology, and national and international proceedings. He also translated some Engineering textbooks published by the UI-Press. His research interests include image processing, computer vision, and softcomputing (artificial intelligence, neural networks, and fuzzy logic). He was a founder and contact person of the UI-Chiba University cooperation. He supervised more than 90 undergraduate students, about 15 Master students, and about 9 Doctor students in the University. He published more than 100 papers in the national/international proceedings and journals. He was Head of Study Program on Opto-electrotechniques and Laser Applications and Head of Viscom (Vision, Imaging, and Softcomputing) Research Group. He was Head of Study Program in Computer Engineering.

He was Chair of the Commission on Research of the Academic Senate Univ. of Indonesia, member of the Board of Professor at the same University, and also as member of the organizing committee of ETOP2003 (Education and Training on Optics and Photonics), Tucson, Arizona, USA, and ICEM2009 (International Conference on Experimental Mechanics), Singapore. He was Chair of CECI2001, ICOLA2002, ICOLA2007, IJSE2008. He was member of the IEEE Computer Society, the IEEE Signal Processing Society, the Indonesian Engineer Association, TWARS, etc. Professor Sardy served more than 30 years for the University of Indonesia, and retired on September 2007, then he moved to the University Al Azhar Indonesia as Dean Faculty of Engineering, until 2009.

He was a senior assessor of the National Accreditation Board for Higher Education, Republic of Indonesia, and Rector University Al Azhar Indonesia in 2014-2016. Now he is **Chairman of the Center for the Study of Indonesian Strategies or PPSN.**

**"Science and Technology are symbiotic in nature
There is an attractive analogy between human visual system and computer vision system, which will stimulate us to explore some related disciplines"**

Ir. Eriyon Agust, IPM..

He was born in 2 January 1964, graduated from Kima ITB Bandung Engineering. He has worked as a professional chemical engineering engineer until now, establishing the foundation of Quantum 2020, which offers the concept of anti-drug school certification, lifelong medical record concept, 2010 established the "Tengguak Tuo" Pencak Silat Foundation in West Sumatra, 2005 founded Serumpun Foundation,

Cantika children in Pekanbaru. In 2015 he established the Indonesian Creative Industry Entrepreneurs Association, APINKREI. Active in some social organizations and youth. 2016 with Mayjend (Ret.), Dr. Saafroedin Bahar, initiated the establishment of the Indonesian Social Media Caucus. **Currently trusted as Vice Chairman of PPSN.**

"The struggle of the ummah to gain political and economic rights is part of the ideals of Indonesian independence as stated in the preamble of the 1945 Constitution"

Ia lahir pada 2 Januari 1964, lulus dari Teknik Kima ITB, Institut Teknologi Bandung . Dia telah bekerja sebagai insinyur teknik kimia profesional sampai sekarang, mendirikan fondasi Quantum 2020, yang menawarkan konsep sertifikasi sekolah anti-narkoba, konsep rekam medis seumur hidup, 2010 mendirikan Yayasan Pencak Silat "Tengguak Tuo" di Sumatera Barat, 2005 mendirikan Yayasan Serumpun, anak-anak Cantika di Pekanbaru. 2015 mendirikan Asosiasi Pengusaha Industri Kreatif Indonesia, APINKREI. Aktif di beberapa organisasi sosial dan pemuda. 2016 bersama Mayjend (Purn), Dr. Saafroedin Bahar, memprakarsai pembentukan Kaukus Media Sosial Indonesia. Saat ini dipercaya sebagai Vice Chairman dari PPSN.

"Perjuangan ummah untuk mendapatkan hak politik dan ekonomi adalah bagian dari cinta kemerdekaan Indonesia sebagaimana tertuang dalam pembukaan UUD 1945"

Ir. Nur Gunawan Sastranegara, M. Eng.

Having studied overseas through a scholarship program, developed the ability to deal with and accommodate different culture, personality and environment. Design Computer Network System including Security System in LAN (Office & Production areas) & WAN (Connection between SANYO Cimanggis factory and SANYO Osaka headquarter by Internet Leased Channel & ISDN (provided by PT. Telkom) and private network by frame relay for data & voice (provided by Indosat, KDD, and SANYO-NTT). Development HR system and migration Accounting System software from MAS to ACPACC system in PT. Polymatech Indonesia.

Personal qualification includes analysis/problem assessment skill, planning and organizing and leading a group of people with delegation of authority and responsibility. Strong technical knowledge. High commitment to achieve objectives and high adaptability on major changes in work tasks or the work environment.

Indonesian School, Tokyo – Japan, from 1971 to 1976. Graduated from Primary School in 1971. Graduated from Junior High School in 1974 , SMA negeri 26, Tebet, Jakarta – Indonesia, from 1976 to 1977. Graduated from Senior High School in 1977. (Major in Mathematic & Science). STTN (Sekolah Tinggi Teknik Nasional), Cikini, Jakarta – Indonesia, Electrical Department, until level-2 only (second years), from 1978 to 1980. University Indonesia, Jakarta – Indonesia, from 1979 to 1986. Electrical Engineering Department, Faculty of Technology, major in Computer Engineering (Digital Image Processing).

Graduated in Bachelor degree (S1) in 1986. Final Project: "Penerapan Metoda Analisa Komponen Utama untuk Reduksi Kanal Data dan Perbaikan Citra." KEIO University, Yokohama – Japan, from 1987 to 1990. Electrical Engineering Department, Faculty Science & Technology, major in Digital Image Processing. Graduated in Master of Engineering degree (S2) in 1990. Master's Thesis: "A Study on Improvement of the Precision of Optical Flow." University Indonesia, Jakarta – Indonesia, from 1999 to 2002 (postpone). Opto-Electrotechniques and Laser Applications, Doctoral program study (S3), Faculty of Engineering, major in Computer Engineering (Digital Image Processing & Multimedia). Topic of Research is relation to MPEG-4 & Digital Watermarking.

Currently trusted as a Secretary General of PPSN

Ir. Itra Sutanto

Chemical engineering engineers, their work in the field of creative industry development has been tens of years with export targets. One of the founders of Quantum Foundation 2020 with Ir. Eriyon Agust, IPM. He is also one of the founders and managers of the Creative Industry Association of Nusantara. Currently in charge of several international buyers in the field of meuble Rattan and Manau. He is also interested in the production of creative goods
